# RESIDENTIAL WORK PORTFOLIO

Commercial, Industrial and Residential Duct work installation

This 1870's era semi-detached house on Pape Ave. under went a complete renovation from top to bottom. The interior was gutted and all new wiring, plumbing, furnace/ductwork were replaced as well as drywall, fixtures, cabinets, windows, doors, skylights added, rear deck, front porch, brick and shingles. (total only 5 pics for this one) Also the basement was finished after all services were installed.
